HINSHAW GUILTY.

The Jury Find for Murder in the Second Degree

AND ASSESS A LIFE IMPRISONMENT.

The Prisoner Receives the Verdict which Consigns Him to a Felon's Cell Without a Sign—The Crime and Its Motive.

DANVILLE, Ind., Oct. 2.—Arguments in the Hinshaw murder case were concluded at noon and the case went to the jury shortly after.

Later, the jury returned a verdict of guilty of murder in the second degree, and that Hinshaw be imprisoned for life, at 4:30 this afternoon, after being out two hours.

The minister never flinched when the words which confined him to a felon's cell were read by Clerk Hathaway, but turned to the sheriff and said: "I am ready to return to the jail."

The verdict is in accordance with public opinion. The Hinshaw homicide was the most sensational in the criminal history of the state. Rev. William E. Hinshaw, pastor of the leading Methodist church at Belleville, and connected with the wealthiest family in the county, and was accused of murdering his wife in order to further his liaison with Allie Ferres, the wealthiest and prettiest girl in the vicinity. His accuser was Detective H. C. Webster, of Indianapolis, who worked for the \$4,000 reward offered for the detection of the slayer of Mrs. Hinshaw.

The case was shrouded in mystery at first, and everyone believed Hinshaw's statement that robbers killed his wife and wounded him in the early morning hours of January 10 last. Detective Webster narrowly escaped being lynched when he caused Hinshaw's arrest, but subsequent developments aroused interest in the detective's claims, and at the close of the trial two-thirds of the people believed the minister guilty.

THREE YOUNG MEN KILLED

And Two Other Persons Injured at a Railway Crossing.

ESSEX, Ont., Oct. 3.—William and Thomas Mooney, aged 19 and 17 years respectively, and Dennis Burke, 21 years old, were instantly killed, and Miss Adeline Jones and Ed Mooney, the boys' father, were badly injured at the Michigan Central crossing here yesterday afternoon. The party were in a wagon driving across the tracks, and before they saw the approaching express the wagon was struck. Burke was carried 40 yards on the cowcatcher. The Mooney boys were struck on the head and badly mangled and cut. Miss Jones is seriously injured, but Mooney's injuries are comparatively slight.

A MAN-EATING GORILLA

Escapes From Its Cage and Creates a Panic in the Crowd.

INDEPENDENCE, Kan., Oct. 3.—While the animals of Ringling Bros' circus were being fed last evening, a man-eating gorilla escaped from its cage and caused a stampede among the great crowd present. The animal made its way to the street and for a short time had things all its own way. It was finally captured and returned to its cage, but before T. Rafferty, its keeper, was seriously bitten and clawed by the beast. Several persons were more or less seriously bruised by being trampled on in their efforts to escape from the tent.

M'KINLEY AND BUSHNELL

Address a Monster Meeting at Caldwell—Two Thousand Strangers Present.

CALDWELL, O., Oct. 3.—Gov. McKinley and Bushnell, the republican candidate for governor, spoke to 5,000 people at this place last evening. Fully 10,000 strangers were in the city, only about one-half of whom were able to get within hearing distance of the distinguished speakers. At the close of the meeting both gentlemen were kept busy shaking hands for over an hour. The meeting is conceded to have been the largest held at this place since the days of Grant and Garfield.

Railroad Land Grants Approved by Secretary Smith

WASHINGTON, Oct. 3.—The secretary of the interior has approved a grant of 21,651 acres of land to the Oregon & California Railroad Co. and one of fifty-nine acres to the Chicago, Milwaukee & St. Paul Railroad Co., to aid in the construction of a road from a point at or near the foot of Main street, South McGregor, L. T., in a direction to intersect the road running from Sioux City to the Minnesota state line.

North Champaign county land is becoming precious. J. H. Gersbers paid \$14,000 cash for the Chamberlin quarter section, one mile south of Dubuque.

JOHN LEMBERG, a miner injured in a mine accident at Petersburg, Sept. 13, died in a Springfield hospital on the 30th.

Elliott & Co's cigar factory at Homer turns out 3,500 cigars daily.

BRILLIANT ENDING

Of the Italian Feast Celebrating the Anniversary of the Occupation of Rome.

ROME, Oct. 3.—The festes in honor of the twenty-fifth anniversary of the occupation of Rome by Italian troops were brought to a brilliant close last night by a great popular demonstration. King Humbert in person presented the prizes to the victors in the shooting contest. Last night the city was brilliantly illuminated, the decorations showing beautifully in the bright artificial light. Much enthusiasm was manifested by the populace.

RESIGNATION REFUSED.

And the Receiver of the Northern Pacific Removed from Office.

SEATTLE, Wash., Oct. 3.—Because of the failure to file accounts and obey orders of his court, Judge Hanford yesterday morning refused to accept the resignation of Receivers Oakes, Payne and Ebuse, but removed them and appointed Andrew F. Burleigh, general counsel of the Oregon Improvement Co., as receiver for all Northern Pacific property within the jurisdiction of this court.

Fallen to Secure the Valuable from the Sunk Spanish War Ship.

KEY WEST, Fla., Oct. 3.—William H. Williams, manager of the Key West Wrecking Co., who went to Havana last week with a submarine diver to save the safe and papers of the war ship Sanchez Barcastrol, returned last night and reports it impossible to save anything as the ship lies in twenty fathoms of water and thousands of sharks hover around her. The Spanish government has given up the idea of raising the ship, but will endeavor to secure the guns.

Fined Guilty to the Murder of His Child and Will Hang.

DECATUR, Ill., Oct. 2.—Charles N. Smith, who killed his child Louise and sister-in-law Edna Buchert, pleaded guilty in court yesterday as to the murder of the child, but not guilty as to the sister-in-law. The court took the case under advisement until Monday, when it is said he will pronounce the death penalty.

Apples are Golden in the Liverpool Market.

LIVERPOOL, Oct. 3.—The consignment of American apples received by steamer Etruria from New York September 21, was sold here yesterday and brought top prices. Greenings sold for 11s 9d per barrel; Baldwins, 10s; King Tompkins, common, 10s, and the best grades of that variety at 2s 6d. The demand was good throughout.

MOTHERS

and those about to become mothers, should know that Dr. Pierce's Favorite Prescription robs childbirth of its torture, terrors and dangers to both mother and child, by aiding Nature in preparing the system for parturition. Thereby "thawing" and also the period of confinement are greatly shortened. It also promotes an abundant secretion of nourishment for the child. During pregnancy, it prevents "morning sickness" and those distressing nervous symptoms from which so many suffer.

Task, Colts Co., Texas.

Dr. R. V. PIERCE, Buffalo, N. Y.
Dear Sir—I took your "Favorite Prescription" previous to confinement and never did so well in my life. It is only two weeks since my confinement and I am able to do my work. I feel stronger than I ever did in six weeks before.

Yours truly,
Mrs. W. C. BAKER.

A MOTHER'S EXPERIENCE.

South Bend, Pa., Pa., N. Y.
Dear Sir—I began taking your "Favorite Prescription" the first month of pregnancy and have continued taking it until now. I did not experience the nausea or any of the ailments due to pregnancy, after I began taking your "Prescription." I was only in labor a short time, and the physician said I got along unusually well.

We think it saved me a great deal of suffering. I was troubled a great deal with leucorrhoea, and it has been a world of good for me.

Yours truly,
MRS. W. C. BAKER.

DECATUR AT TERREHAUTE

The Decatur Princes of the Orient Enjoy Themselves.

According to the newspapers of Terre Haute over 325 Decatur people visited their city yesterday to witness the Oriental parade at night. The afternoon train took the Goodman's Band and over 150 Princes and friends, arriving at the depot at 7 o'clock. They were met at the train by the large number of Princes who went over on the morning train and with over 200 Princes in line Decatur took their place in the procession. The parade moved at 8 o'clock and was over a four mile line of march through the principal streets. The special train returning left Terre Haute at 11 o'clock, with three coach loads of tired but pleased Princes and ladies.

The Decatur contingent wore the fez, yellow sash and badge and each man carried two streamers with the word "Decatur" upon it in plain letters. They occupied a foremost position in the parade and were warmly applauded throughout the line of march. Decatur had by far the largest representation in the parade as the following statement printed by the Terre Haute Express will show.

The total number of arrivals during the day was 5,109. Of this number 80 came from Indianapolis, 81 from Logansport, 325 from Decatur, 150 of the Mt. Vernon branch of the E. & T. H., 22 from Danville and 39 from Clay City. The number from Vincennes was not learned, though it must have been more than 100.

As a mark of special favor to the largest delegation present, the Decatur contingent alone, led by the chief marshals, counter-marched and viewed the parade, which was over a mile and one-half in length.

The Express also says: The Decatur band, which accompanied the delegation of over 300 people from the Illinois city yesterday, serenaded the newspaper offices after the big parade last night. Mr. Charles O. Ebel, the directory man, escorted the band around to Printing House Square and its music was of a class a live, hustling city like Decatur deserves. Both the band and the fine turn out of Decatur princes were applauded along the line of march during the parade. Terre Haute is indebted to Decatur.

The case of A. M. Dillow, local agent for the Baker Mfg Co., against H. P. Clark, of Long Creek township, has been on trial in the circuit court several days. The litigation grows out of the sale of a wind mill worth \$235 which Mr. Clark, the purchaser, contends does not do the work. W. C. Johns represents the plaintiff, and A. G. Webber the defendant. The jury members are John Linx-wiler, A. Roper, Fred Midkiff, Frank Cornthwait, W. G. Sibley, William Carrick, Sherman Sinclair, Charles Snyder, Richard Russell, Henry Gillespie, W. X. Gillespie and Frank Witt.

By agreement the jury went on a journey this afternoon in two hacks, with Bailiff L. H. Martin in charge. They will visit Clark's place, nine miles east, to look at the windmill in question, and will also go to La Place to examine the Wise mill put up by the Baker company. The trial will be resumed tomorrow morning.

A Dying Child.

The infant son of Sherman Sinclair, a petit jurymen in the circuit court, is in a dying state at the family home on Center street. Harold is the name of the child and he is six months old. This morning when Mr. Sinclair went to court his baby was not in an alarming state. At noon he became worse, and two ladies came to the court house to summon the father home, but he had gone into the country with a jury to examine a pump which is the subject of litigation. He is a member of the jury and had to go along. He cannot get back until late. The child will probably be a corpse on his return to the city.

Dancing Party.

Miss Lillian Crea, the accomplished daughter of Mr. and Mrs. Hugh Crea, gave a very charming house party last night at her home on West Macon street. The company was numerous and congenial, and Miss Crea entertained very handsomely. Dancing was the principal diversion of the very delightful occasion. Delicious refreshments were served.

It will not be long until both Reed and

McKinley will find sympathy in the

same direction.

COL. WATSON suggests sending all

the fools of the Democratic party to the

rear. This is bad tactics. The populists

would capture the whole outfit in a

single dash and the biggest half of the

party would be gone with no prisoners

to exchange for them.

REV. J. F. CLANCY, the Methodist min-

ister who stirred up the plug-uglies of

Lemont, and for which several attempts

have been made to assassinate him, has

been reassigned to that charge by his

conference. He will take a vacation to

restore his health before resuming his

work.

THE Hon. Ed. Lane will not be likely

to exhibit his campaign suit of "hand-

me-downs" worth \$20 in 1892, and tell

his gaping constituency that as soon as

the Democratic tariff bill begins to op-

erate they can buy the same kind of a suit

for \$5. He will have to defend that act

of "perfidy and dishonor" regardless of

the price of the suit.

It's a Question of Law.

And Secretary Carlisle is Determined to

Have It Settled by the Courts.

WASHINGTON, Oct. 3.—Secretary Car-

lisle has decided to refer the sugar

bounty cases to the court of claims,

reserving his decision as to the valid-

ity of the comptroller's ruling that the

bounty was unconstitutional.

Ex-Senator Manderson and his ol-

lents, the sugar-growers, had asked

for a hearing on the case with a view

to having Secretary Carlisle overrule

the Rowley decision.

Secretary Carlisle said yesterday

that he was willing to grant a hear-

ing if it was insisted upon, but that

the point involved was a question of

law, and the secretary had deter-

mined to have it settled by the

courts.

Is It Fate?

Did you ever stop and think how our

lives are affected by some seemingly

trifling circumstance? It is amusing to

think what might have occurred but for

some more or less trifling circumstance.

If the nose of Cleopatra had been short-

er the whole face of the earth would

have been different. It is said that a

glass of wine too much changed the

course of French history; many persons

who have carefully picked up a scrap of

literature on Dr. Whipple's Nerve Vi-

talizer have been cured of what they con-

sidered an incurable disease by its use.

C. S. Chambers, Atlanta, Ill., was a suf-

ferer from nervous prostration. A friend

who had knowledge of Dr.

Nerve Vitalizer, gave him a small sam-

ple. Its use stirred up a new hope in

his mind; he used two full sized bottles

and was cured—fate directed this won-

derful medicine to his notice. Your fate

may be urging your attention to the

remedy, if you are troubled with nervous

prostration, spasms, fits, sleeplessness,

mental depression, exhausted vitality,

depression, sexual and general debility.

The annual reunion of the survivors of the old 41st Illinois regiment is in progress today. The roster shows 72 veterans attendance. The condensed history of the regiment will be found on the third page. It is a glorious record of brave deeds for the preservation of the union.

The business meeting of the Regiment was held at the hall of Grand Army Post, 141. The presiding officer was Major George R. Steele, who introduced the Clinton Glee club which sang with splendid effect "Union Forever."

USE WHITE LOAF FLOUR

LOVELY HATS, BONNETS.

Latest Designs in Millinery—Everything Correct at Bradley Brothers.

This is the great treat season for the ladies, who flock from far and near to the Bradley Bros' fashionable millinery opening for the fall period. The parlors of the popular establishment have been crowded daily since the first of the month. The very latest and most correct styles in hats and bonnets, the people have come to learn, can always be found at Bradley's, and the ladies hasten there when the season openings are announced. The management has so conducted the millinery branch of the business that it grows more popular every year, and the liberal patronage they receive is the just reward of merit.

Besides the loves of bonnets and hats in the display, there is a lavish and tasteful arrangement of cut flowers and tropical plants, which add to the beauty of the scene. The large hats are very stylish this year and pretty sailors and turbans are much in demand for street wear. The trimmings are so bright and so numerous that it would be impossible to mention them. Green in various shades is very popular this fall and reise pink; and sapphire blue are among the colors in demand. All the beautiful effects of the milliner's art are shown and the correct styles and colors can only be appreciated by a call at the store and an examination of the stock. Among the fashionable hats and bonnets shown are the following:

A large hat with bell crown of velvet in reeased green and brim of braid chenille and satin stripes in tobacco brown, trimmed across the front with a cluster of the reise pink roses, garlanded with a bunch of mottled green velvet leaves, these being held at each side with an arrangement of green parrot wings.

A very swell hat with a four-cornered brim bound in Persian lamb, with crown of reise pink velvet and muff ponpon of the same, and quills and Persian lamb heads at the left side.

A virot toque of silk in Persian design, all in delicate colors, the brim being formed of sable tails and reise pink velvet, and mounted by a couple of heads confined by cut steel clasps.

A Connelly sailor, in black, trimmed with a scarf of Emerald green and a band of silk embroidery over cream taffetta ribbon, with a handsome pompon of cock feathers; finished with a choux of black and yellow roses at each side.

Large hat of sapphire blue velvet, faced with black satin and with three rows of narrow yellow and Valenciennes lace; a jewel band of sapphires garnishing the front and to the left a tall black plume.

A medium sized hat with brim of chenille braid, the crown being of brown mirror velvet terminating at the left side with handsome nacre; a pompon of cream chiffon with poppy centers and a bandeau of velvet and rhine crystals.

One of the noblest hats shown was a London walking hat in black French felt, with a scarf of cream white lace draped around the crown; to the left side a tuft of black quills in cut jet cabochon.

A Rob Roy hat with brim of drawn brown velvet; nacre braid crown choux of chameleon ribbon with rhine stone centers and tufts of black aigrettes at the left.

A virot bonnet in cut jet, edged with main's tails choux being velvet and cachepeigne of red berries at the right and left side finished with ties.

There were so many other handsome styles that it would be impossible to tell of them all. The ladies must see them to be fully appreciative of what is fashionable for fall and winter wear. The firm will make a special showing of evening hats and bonnets.

The Hall & Showers' consolidated show will begin an engagement to-night in the big tent on West Eldorado street. There was a fine street parade this afternoon. Educated horses, ponies, dogs, monkeys, donkeys and trapeze performers, etc. 10 cents to all.

FOUGHT TO A FINISH.

Prize-Fighting Knocked Out in the First Round by the

LAWMAKERS OF THE LONG STAR STATE

The House and Senate Each Practically Unanimous in Sustaining the Governor in His Plucky War Against Fugitives.

AUSTIN, Tex., Oct. 3.—Corbett and Fitzsimmons must find another place than Texas to pull off their proposed fight for the championship of the world. The legislature yesterday, by a vote that was practically unanimous in the senate and only a little less in the house, passed the bill prohibiting prize-fighting, and thus accomplished the purpose for which the governor assembled them in special session.

The vote by which the bill was carried furnishes the strongest proof of the sentiment of the state with reference to prize-fighting. The only rallying point of the minority was opposition to the emergency clause which carried the bill into immediate effect. Certain of the members honestly regarded this as an injustice to those citizens of Dallas who had spent large sums in anticipation of the fight, and opposed it for that reason alone.

Their arguments were not effective, however, and the vote in the house on the final passage of the bill, showed but 5 votes in opposition to 107 in favor. In the senate the bill was carried with only 1 negative vote in the 27 that were cast.

The senate made quick work of the measure. It had taken a recess until 3 o'clock p. m. in order that the Dallas people might be given a full hearing by the judiciary committee. Within fifty-five minutes after reassembling the bill had passed.

The work in the house was not so expeditious. The house is a larger body, and several members desired to be heard upon the senate bill, which was substituted for the house bill then pending. Amid applause a number of amendments were offered. Several were adopted, but these do not change the measure to any material extent, except to make it still more effective.

As a result of these amendments the bill will be returned to the senate today, but its adoption in amended form will be delayed no longer than necessary to call the roll. It will then be sent to the governor, and when his signature shall have been attached it will become a law.

The bill makes prize-fighting a felony and imposes a punishment upon the principals for every infraction of the law by imprisonment in the penitentiary for a term of not less than two and not more than five years.

MASSACHUSETTS DEMOCRACY.

Meeting of the State Convention at Worcester—The Platform and Ticket.

WORCESTER, Mass., Oct. 3.—The Massachusetts democratic state convention was called to order at 11:30 yesterday morning. Josiah Quincy Adams, of Boston, was chosen permanent chairman and addressed the convention. The usual committees were appointed.

The platform adopted indorses the administration of President Cleveland, commending his foreign policy and the improvements in the civil service; congratulates the manufacturing interests of the state on the successful working of the present tariff and denounces the efforts of the republicans to reopen the tariff question; opposes the free coinage of silver, and demands the maintenance of the existing gold standard, and thanks President Cleveland and Secretary Carr for their patriotic efforts to protect the public credit. The remainder of the platform is devoted to state affairs.

The following ticket was nominated: For Governor—George Fred Williams.

For Lieutenant-Governor—James S. Grinnell, of Greenfield.

For Secretary of State—Edward J. Flynn, of Boston.

For Treasurer—Eben S. Stevens, of Sudbury.

For Auditor—Alfred C. Whitney, of Boston.

For Attorney General—Henry F. Harbutt, of Lynn.

The convention then adjourned.

FOR THE TEMPLE CUP

The Most Exciting Ball Game Ever Witnessed

PLAYED AT CLEVELAND YESTERDAY

And Won in the Last Innings by Tebeau's Team from the Champion Orioles—Honors Awaiting the Baltimoreans—Tour Abandoned.

CLEVELAND, O., Sept. 3.—"The most exciting ball game that was ever played on any grounds" was the verdict of men who have followed baseball for years after the first of the series of contests for the Temple cup between Cleveland and Baltimore yesterday. For four innings the "pitches" battle, Young and McMahon, both pitching superb ball. Then the batsmen went to work, and the next five innings were replete with hard and scientific pitching and phenomenal fielding.

When the Baltimoreans forged ahead in the eighth the game seemed lost to Cleveland. But Tebeau's men pulled themselves together and tied the score in their half.

In the ninth Baltimore again got one run to the good, and again the crowd thought the Clevelanders were defeated. In the last half of the ninth Tebeau's men greeted McMahon with a fusillade of hits and batted out a victory amidst the enthusiastic shouts of 8,000 people.

The features of the game were the batting and fielding of McKean, the timely batting of Blake and the fine work of Jennings at short. Attendance, 8,000. Score: Cleveland.....0 0 0 1 1 0 1 3 0-5 13 2 Baltimore.....0 0 0 0 1 0 2 1-4 11 1

Honors Proposed to be Heaped Upon the Champion Orioles.

BALTIMORE, Md., Oct. 3.—Honors will fall thick and fast on the champion Orioles on their return to their native heath. Many suggestions have been discussed by an entertainment committee, appointed by the prominent "rooters" of the town, and a programme has finally been agreed upon. Next Monday and Tuesday nights the champions will appear on the stage of Harris' Academy of Music. They will receive the entire box office proceeds of the two performances. This benefit is given the ball players by the Digby Bell Opera Co. and Harris, Britton & Dean, the managers of the theater. It is estimated that the ball players will divide some \$3,000 from the benefit.

After the Temple Cup series has been concluded there will be a field day at the ball park, in which baseball, running, throwing to bases, pitching and a general athletic exhibition will be given, to be participated in by members of different league teams. A trolley party on the following evening, in which the public generally will take part and which will be in the nature of a triumphant procession throughout the city, will be followed by a ball and banquet at the new music hall.

Southern Tour Abandoned.

PHILADELPHIA, Oct. 3.—Manager Irwin, of the Philadelphia baseball club, announced last evening that the proposed tour of the Philadelphia and Baltimore clubs through the south had been abandoned.

THE DURRANT MURDER TRIAL.

Factors of Sympathy—Cooper Medical College Students on the Stand.

SAN FRANCISCO, Oct. 3.—Durrant, who is in the habit of receiving half a dozen letters of sympathy almost every day, received one yesterday morning from the students of Sterling medical college, Columbus, O., in which they express the hope of soon hearing of his acquittal.

The morning session of court yesterday was taken up with the examination of students of Cooper medical college. Among them were half a dozen young lady students. They were all asked if they had answered for Durrant at the roll call after Dr. Cheney's lecture on April 3 the day of Blanche Lamont's disappearance, but no one gave a reply in the affirmative. The most peculiar fact elicited was that not one of the students examined had any positive recollection of anyone else being present at the lecture except Dr. Cheney and Mr. Gray, who called the roll.

CUT OFF BY FIRE.

Two Misses Imprisoned by a Burning Tipple—Escaped Out of Employment.

CLEVELAND, O., Oct. 3.—A special to the Press from Wellston, O., says, Tipple No. 3 burned at 3 o'clock this morning. Two water-bailers, Wm. Wooten and Wm. Cochran, were in the mine when the fire broke out. Several men volunteered to go down the burning shaft and rescue them. The imprisoned men could not be found, however, and it is supposed they took refuge in the farther end of the mine. A search is being made for them. Opinion is divided as to whether they will be found alive or not. The tipple is a total loss, and 375 men are thrown out of employment. The works will be rebuilt at once.

The Chicago Grand Jury.

CHICAGO, Oct. 2.—The grand jury yesterday decided, by a vote of 14 to 7 to abandon the investigation into the alleged theft of water from the city mains at the stock yards, on the ground that the evidence presented by the city officials and the civic federation was not sufficient to warrant the indictment of the suspected packers.

The grand jury before adjourning, returned indictments against Gough and Anderson, formerly attendants at the Danvers asylum, for the murder of George Puck, an inmate.

THE CRUISE OF BROOKLYN

Take the Water Around a Day of Joyful Events.

PHILADELPHIA, Oct. 3.—The United States armored cruiser Brooklyn was launched from Craney's ship yards into the Delaware river at 1:08 o'clock yesterday afternoon, with the usual accompaniment of the noise furnished by shrieking steam whistles and the cheers of at least 15,000 spectators.

Shortly after 1 o'clock the signal was given, and the big vessel started down the ways. As she began to move, Miss Schieren, daughter of the mayor of Brooklyn, smashed the bottle of champagne against the red hull and christened the vessel the Brooklyn. The vessel slipped smoothly into the river, and a great cheer went up from the multitude. The handsome big cruiser floated a hundred yards or so out, and then two anchors were let go from her bows and she came to a stop and swung slowly around with the tide.

The Brooklyn is of the same type as the New York. Work on the Brooklyn will be pushed forward as rapidly as possible, but it is hardly likely that she will be given her trial trip before next spring.

The next launch of a war vessel at Craney will be the battleship Iowa, the sister ship of the Indiana. The Iowa is now nearly ready for launching.

BLOODY SLAUGHTER.

Sanguinary Conflicts Between Turks and Armenians in Constantinople.

WASHINGTON, Oct. 3.—Secretary Olney late yesterday afternoon received the following dispatch from Minister Terrell:

CONSTANTINOPLE, Oct. 2, 1895. OLNEY, WASHINGTON:—Monday several hundred Armenians marched on the porte, professing to ask redress for grievances. The patriarch tried to prevent it. A conflict occurred between the Armenians and the police. Probably about sixty Turks and Armenians were killed—among others a Turkish major—and many were wounded. The Armenians carried pistols.

Tuesday several more were killed, and Tuesday night there were eighty killed. Several hundred have been imprisoned. The porte had notice of the demonstration, which, it is said, was organized by leaders of the Hunchakist revolutionists, whom they have captured. Much terror exists. I think the porte will be able to restrain fanaticism.

Forty Freight Cars on the Baltimore & Ohio Southwestern Wrecked by a Bear-End Collision.

CLEVELAND, O., Oct. 3.—A special to the Press from Chillicothe, O., says: A most destructive wreck occurred on the Baltimore & Ohio Southwestern Tuesday night, three miles west of this city. The east-bound passenger train had set a bridge on fire and when the west-bound local freight came along it was obliged to stop. A man was sent back to flag another freight in the rear, but was too late, and the oncoming train crashed into the stationary one. Forty cars were piled thirty feet high, and fifteen cars loaded with furniture and coal were totally destroyed, as was one engine. The bridge was also badly damaged by fire. The loss is estimated at from \$70,000 to \$80,000. No one injured.

A MOTHER'S DUTY

TOWARDS HER DAUGHTERS.

Suggestions Which Bear Repeating, as Their Importance is Immeasurable.

[SPECIAL TO OUR LADY READERS.]

Only a few years ago even the medical profession scouted the idea that young girls could suffer from the misery of uterine troubles.

That form of disease, it was claimed, came only to married women.

When Lydia E. Pinkham first sent out the news of her great discovery, there was no lack of harsh speech from those whose practice and opinions she set at defiance.

But when young girls by the hundreds were absolutely cured by Lydia E. Pinkham's Vegetable Compound, then the tongues of the traducers were stilled, and faith was allowed to live in the hearts of the people.

Young girls are subject to this trouble. It robs them of the buoyancy of youth. It makes all effort distasteful.

It causes retention and suppression of menses, leucorrhoea, severe headache, watery complexion, depression, weakness, loss of appetite and interest.

Certainly mothers ought to know that these are all symptoms of the one cause of nearly all the suffering that comes to women; and to save their daughters ought to begin treatment at once.

Lydia E. Pinkham's Vegetable Compound is the surest and most natural remedy for women ever compounded. It will accomplish its work with certainty.

PURGATORY AND PARADISE COMPARED BY A MAN WHO HAS SEEN BOTH.

A Story Worked in the Rural Romance of a Modern Novel.

(From the Evening News, Syracuse, N. Y.)

Albert Applebee was a very sick man. He had been ailing for months and had been compelled to remain home, unable to attend to his business. His friends and neighbors about the few small stores in the village of Goredon and discussed his condition. Applebee was a carpenter and a good one too, but since his strange malady overtook him he had been doing very little work. Life had lost its charms for him, he became a recluse and lost in everything. His friends advised him and the local doctors tried their skill on him but it was of no avail. Although they no doubt diagnosed his case correctly, his grew worse despite their efforts.

But he recovered and it has made much of the small town that a New Yorker was sent out to Goredon to investigate. He drove over and found Mr. Applebee hard at work on the roof of a house he was building.

Well, it was just this way, began the carpenter, who was a good deal of a story teller. In the fall of 1880 I had a sign of grip. It was a pretty rough time for me as I was very sick and I never expected to go out again except first in a coffin. But I recovered after a long sickness but was left with an ailment which was quite as dangerous and infinitely more painful. I had sciatica in my head for two years and a half or ever and there was a sickening discharge from my right eye. I took about every medicine known to the medical fraternity but could get no benefit. I was also troubled with a severe pain in the stomach and indigestion which made me feel that life was not worth living. Last fall I began taking a medicine known as Dr. Williams' Pink Pills for Pale People which were recommended by a friend whose wife had read of them in some of the country papers. But I gave it a trial and was surprised to find that it benefited me. I tried more and persevered and at last thank God, I was cured. My ear has discontinued discharging and for the past three months I have been perfectly well. I make these statements merely because I think the world should be acquainted with this remarkable remedy.

Several of Mr. Applebee's neighbors were seen by the reporter and they in turn expressed their confidence in Dr. Williams' Pink Pills after seeing the wonderful change they had wrought on him. One said the cure was simply wonderful as the man was a total invalid.

Dr. Williams' Pink Pills contain all the elements necessary to give new life and richness to the blood and restore shattered nerves. They are for sale by all druggists, or may be had by mail from Dr. Williams' Medicine Company, Schenectady, N. Y., for 50c. per box, or six boxes for \$2.50.

Fall Footwear.

For Men:

Hanna & Sons, who are the recognized originators of the best styles, offer two very smart shoes entirely new, both in enameled calf. One is the "Grecian toe," with extra heavy soles and extension edges. The other is known as the "Manhattan last." It has a cork sole and is a trifle wider than the Grecian toe. These are certainly the "proper thing" and they are bound to have a big sale. Enameled calf is just what is needed for fall and winter wear. It is guaranteed to keep out the water, and the wearers of these shoes can do without rubbers and still have no fear of catching cold.

But how about the Ladies?

Their feet ought to be properly and prettily protected, and surely they should be guarded against catching cold as well as the stronger and sterner sex.

Two Decatur Citizens before the Springfield Grand Jury.

This special telegram appeared in the Chicago Tribune to-day:

SPRINGFIELD, Ill., Oct. 2.—Senator M. F. Kanan, of Decatur, and Representative Ulysses S. Wilson of Schuyler county, were examined by the grand jury to-day in the boodle investigation. They gave no information whatever, and Senator Kanan was very much vexed that he should have been called here at all. The grand jury is now at work investigating the accident at the state fair grounds of several weeks ago.

SMITH TO HANG.

He Expects to Get the Death Penalty on Monday.

Judge Vail will have "Pacer" Smith before him again early Monday forenoon, when State's Attorney Mills will be in court with witnesses to tell the circumstances of the awful double murder. Mrs. Smith will not be placed on the stand. She is the only living witness of the shooting, but under the law her testimony cannot be accepted. In such a case the wife cannot testify against the husband. But there is no need of her evidence in this case. Smith has admitted his guilt to Sheriff Nicholson, Deputy Frank Taylor and various other parties, besides he has stood up in court and confessed that he killed his little daughter. He says he is not guilty as to the murder of Edna Buchert, claiming that he didn't intend to kill her, but in law he is also guilty of murder in that case. Frank Buchert will be asked to tell all he knows about the awful circumstances of the tragedy, and Judge Vail will be fully informed as to the particulars of the horrible affair. It is necessary for the court to hear the evidence before passing sentence.

Smith will not be asked to go on the stand to tell his story. But he will be given an opportunity to make a statement just before the court pronounces sentence. As is usual in all criminal cases, the prisoner will be asked if he has anything to say why the sentence of the court shall not be passed upon him. That will be his chance. It is probable that he will have something to say then, and the next time will be just before he is swung off into eternity.

Smith expects the death penalty. He rather thought he would get it yesterday. He doesn't want any delay, and in this respect he is not unlike Crawford, who got angry several times because of the unavoidable court proceedings.

NO BOODLE.

Two Decatur Citizens Before the Springfield Grand Jury.

This special telegram appeared in the Chicago Tribune to-day:

SPRINGFIELD, Ill., Oct. 2.—Senator M. F. Kanan, of Decatur, and Representative Ulysses S. Wilson of Schuyler county, were examined by the grand jury to-day in the boodle investigation. They gave no information whatever, and Senator Kanan was very much vexed that he should have been called here at all. The grand jury is now at work investigating the accident at the state fair grounds of several weeks ago.

In addition to the senator, E. L. Pegram, also of Decatur, was before the jury. Somebody had a story in circulation that Pegram had heard somebody say that \$700 had been used for bribery in a grain case. It was all talk, about which neither Mr. Pegram or anybody else knew anything.

FIGHT OFF

Between Springfield's Mayor and the City Council.

The troubles that have existed between Mayor Woodruff and his Republican city council at Springfield during the past year have terminated by the Mayor discharging ten police officers and appointing ten new officers named by the council, the Mayor being allowed to name the chiefs of departments and five other appointees. William Moloney is retained as chief.

An Old Glee Club.

The old Campaign Glee club of Clinton came in this morning to sing at the reunion of the 41st Illinois. It was organized in 1876, nineteen years ago, and has been on duty ever since. The original members still constitute the club. They are: J. D. Rogers, Eugene Davis, R. Butler and John W. McPherson. They expected to return home this evening but have been induced to stay over for the night meeting at the tabernacle.

Effingham Startled.

Conductor Frank Green, of the Wabash, stated to-day that the citizens of Effingham are in a fever of excitement. During last night a number of reputable citizens of that city, who reside near the outskirts, claim to have heard the roaring of a lion, and some have gone so far as to state that they saw the animal.

Flower Thieves.

All summer Passenger Director T. W. Douglas and his wife have taken the best care of a number of beautiful geraniums planted in the front yard at their residence on East William street and this morning when Mr. Douglas arose he discovered that some thief had dug up and carried away every plant.

Chan Surprised Them.

Chauncey M. Powers is home from the target shooting match at Bloomington. He carried off about all the money that was up, but did not greatly increase his wealth at that. Mr. Powers surprised the marksmen at the shoot by breaking 127 birds out of 130.

Commenced on Decatur Street. Sherry Tuttle, the contractor, has commenced work upon the paving on Decatur street, from Haworth avenue to Oakland avenue. The block of paving on Oak and Gordo street, from Edward to College is finished.

ENDEAVOR WORKERS.

State Gathering at Bloomington—3,000 Expected.

The State Convention of Christian Endeavorers will begin at Bloomington to-night. The closing session will be on Sunday night. The First Christian church, which is the headquarters, has a great arch over the sidewalk, surmounted by the monogram of the Endeavor Society. The delegates are received at the trains by committees, each member wearing a white cap and the convention badge, and at the church assigned to lodgings. From 2,500 to 3,000 delegates are expected. The principal meetings will be held at the First Methodist church, the First Baptist being also engaged for simultaneous and overflow meetings. The opening meeting will be held at 7:30 this evening and will be presided over by Rev. Mr. Troxell, of Springfield. The delegates will be welcomed by Hon. Adlai E. Stevenson, vice-president of the United States, and the opening sermon will be delivered by Rev. Simon J. McPherson of Chicago. Decatur has a big delegation of workers at the meeting.

AT THE ALTAR.

Happy Marriage at the Town of Forsythe.

MARRIED.—At the home of the bride, at Forsythe, Oct. 2, at 4 p. m. Thomas J. Holman and Miss Minnie M. Kaufman, Dr. Drury officiating.

The large company present extended congratulations. The bride wore a pretty cloth gown, becoming in color and cut. The only ornament was a large bunch of heliotrope. A fine wedding feast was served and many elegant gifts were presented. The guests were Mrs. John Seegrist, Mrs. R. Bixler, Mrs. C. Stoll, Mrs. E. Benton, Mrs. C. Kauffman, Mrs. H. C. Moury, Dr. and Mrs. Drury, Mr. Pedrick, Misses Maud Benton, Ina Buttler, Annie and Etta Bixler, Ethel Heckethorn, Ruth Lehman, Lizzie and Anna Stoll, Messrs. Harry and John Bixler, Albert Mowry and Arthur Scott of the city. The members of the Forsyth band gave them a very pleasant serenade during the evening.

COURT CASES.

Two Civil Trial in the Hands of Jurors.

Judge Vail heard but very few motions this forenoon. The pending jury cases received attention.

CHANCERY DOCKET. Edna Davis et al vs. Ida Downing et al; chancery. L. R. Mills appointed guardian for Clifford and Maud Downing.

MATHEW KALWATER vs. MATTIE KALWATER; divorce. Evidence heard and decree granted.

COMMON LAW DOCKET. Charles Murray vs. John V. Hevener, case. Trial by jury pending.

A. M. Dillow, for use of Baker Mfg Co., vs. H. P. Clark; assumpsit. Trial finished and given to the jury. No verdict yet.

Old Relics.

In clearing away the mound in Lincoln square preparatory to building the new transfer house some old relics have been unearthed. This morning a number of the old ties of the Priest horse railway were turned up and many of them were carried away as relics of the first street railway built in Decatur. These ties are of oak and are in a good state of preservation. The spikes are still in them and show that the gauge was three feet. The plow also run into an obstruction on the west side of the circle and turned up the covering of an old cistern half filled with water. This is an old cistern that was put in by William Dodson, who is now one of the fire commissioners, years ago for fire protection and was covered up 11 years ago when the circle was built in the square. Street Commissioner Alexander ordered the cistern filled which will be the last of it.

THE LAW TRIUMPHED.

It Don't Pay to Fool With the Maroa Police Force.

It don't pay to fool with the police force of Maroa. It is loaded and when roughly stirred up around the edges is likely to give the offender the impression that he has been fooling around the business edge of a buzz-saw. The force consists of one man who unites in his own person the functions of chief of police, night captain, sergeant and patrolman. To properly cover the ground and care for all the duties of the situation causes the force to keep a perpetual move on itself, and yet it finds time to attend to little side affairs which may come its way.

Yesterday a gentleman of the Dusty Rhodes stripe visited Maroa. He called on several business men and requested small contributions in cash. In several cases he was gently but kindly repulsed, and with each rebuff his angry passions were to a white heat and he expressed his opinion of Maroa in terms never heard outside of the tenderloin district. The police force was summoned and promptly appeared on the scene. The tramp was requested to desist but refused, incidentally volunteering the statement that "he could knock him out of the Maroa police force without getting up an appetite for breakfast." Just about that time the two contending forces mixed. The police force got a black eye, and the tramp received several taps from a billy administered in a scientific manner.

The law triumphed, and to-day the tramp was sentenced to forty days in the city hall, on a light and airy diet made up of bread and water.

Roland Reed Tuesday.

Roland Reed, a favorite actor, brings his new comedy and said to be the best success he has ever had, to the Opera House Tuesday evening, Oct. 8. The piece is a satire and is called "The Politician." It is the joint work of the late David D. Lloyd and Sydney Rosenfield. Mr. Reed of course plays the leading character, and as General Josiah Lumber of Illinois, stamper of conventions, groom of dark horses, carpet bagger, and professional politician, he is said to have created a great comedy role. The play abounds with amusing scenes and situations, and the dialogue is particularly bright and interesting.

"Charley's Aunt."

At the Grand on Friday evening, Oct. 4th, "Charley's Aunt" will be presented in this city. It is one of the funniest farce comedies ever written and has more enthusiastic plaudits wherever given. The plot turns on the escapade of a couple of college students who give a dinner in their scholastic apartment to a couple of young ladies at which the aged aunt of one of the men is expected to act as chaperone. She fails to arrive and a smooth-faced student comrade is dressed up as a starting point springs a great series of laughable situations.
